

Sample Schedule for Brandeis Biochemistry Majors

This is a possible schedule of courses for the first five semesters of a student intending to be a Brandeis Biochemistry major. Important warning: This is only a "typical" schedule. Please consult the Biochemistry UAH about modifications that may be appropriate for your particular situation.

This sample schedule assumes that the student

- Placed out of MATH 10a,
- Does not have AP credit to place out of General Chemistry or Physics I, and
- Is not planning to take any courses required for the major in summer school

Please note that a student in this situation who is intending to major in Biochemistry should take Physics in their first year. For more details about first-year course selection, please read items 1 through 5 at [Biochemistry FAQs](#).
